ARTWORK
With its rich hues, this print adds warmth and depth to the neutral colour scheme

ALCOVES
Built-in shelving offers plenty of useful storage space for books and ornaments

WINDOW
The bedroom has windows on three sides and is very sunny, so the floral blinds are interlined with blackout fabric

NEUTRAL COOL

A dated bedroom and bathroom have been transformed into an elegant main bedroom and ensuite.

Liz Robinson, 44, lives in Lyme Regis, Dorset, with her husband Malcolm, 45, and their children, David and Jamie. As part of the renovation of their Edwardian vicarage, the couple reworked the layout of their bedroom and bathroom. Coastal-themed decor and streamlined storage make this the perfect grown-up retreat.

BEDLINEN
Duck egg blue and taupe bedlinen creates a fresh, coastal feel and complements the colours of the carpet

WOODWORK
The skirting boards have been painted taupe, which coordinates with the carpet to give a contemporary look

BED
This luxurious divan bed is an investment buy that will stand the test of time
